To apply for a CCG grant:

You will need a total of 3 people (not related to each other) to be “group leaders” who are willing to assist in the development and implementation of group activities. All group leaders must be volunteers and residents in the County of Sacramento. Agencies, non-profits, businesses, and schools are not eligible to apply for funds.

This is only a Statement of Intent to Apply to ensure that your idea meets the criteria of a CCG grant; it is not an application. Applications are released twice a year. Please indicate which cycle you would like to apply for:

___ Mid-February (for projects to begin in July)

___ Mid-August (for projects to begin in January)

In 2-3 sentences, please summarize your idea for a grant that must be:

- 1) Community-driven (not directed by an agency)
- 2) Benefit families with young children (prenatal through 5 years old)
- 3) Build connections (parents connect with their children, parents connect with other parents, families connect with resources)

What geographic location would you like your project to serve? (For example, North Sacramento, Del Paso Heights, River Delta, Countywide, etc.)
